

To Whom it May Concern;

This is a letter of recommendation for Ryan Schiefer who just completed his sophomore year at Campo Verde High School.

Ryan has been training with me for over 2 years. I own a pitcher's training company called the Arizona Pitching Arsenal. I train both amateur and professional pitchers in Arizona.

Ryan is a projectable right handed prospect. He is a taller, loose, body kid that moves very well. He will be a good college and professional prospect. He's probably 6'2", 155 lbs.

Ryan has thrown 87mph off the mound in bullpens; his velocity should continue to improve as he matures. He spins the ball well for his age. Command is better than average compared to his peer group. His delivery and understanding of the delivery is very advanced for a High School pitcher.

He is very diligent and is dedicated in becoming a successful pitcher. Ryan is a regular attendee to our training sessions and works hard at improving and reaching his potential.

I can recommend Ryan as an excellent D-1 prospect with good grades (3.2) and gets along well with others at the Arsenal.

Sincerely,

Ken Knutson  
Cleveland Indians Throwing Coordinator  
Director, Arizona Pitching Arsenal
